

**Program:**  
**School/College:**

**Academic Department:**  
**Date:**

## 1. Introduction and Context

*Discuss in general ways the skills and proficiencies that graduates of the program will need for pursuit of successful careers and how these skills and proficiencies are addressed in the academic program.*

## 2. Program Learning Outcomes

Graduates of the program will be able to:

- 1.
- 2.
- 3.
- 4.
- 5.
- 6.

## 3. Program and Institutional Learning Outcomes Crosswalk

Use the table below to indicate the relationships between the program learning outcomes and the institutional student learning outcomes. In each relevant case, indicate the expected level of the institutional student learning outcome achieved for students graduating from the program.

<b>Program Learning Outcome</b>	<b>Institutional Student Learning Outcome</b>	<b>Mastery Level (0=N/A, 1 = Introductory, 2 = Intermediate, 3 = Mastery)</b>
1.		
2.		
3.		
4.		
5.		
6.		

**4. Program Learning Outcomes Assessment Tools**

Program:

Completed By:

Date Updated:

- 1. List the program learning outcomes on the left.
- 2. List the assessment tools used to assess the program learning outcomes on the right.
- 3. Check the box under the assessment tool that is used for each program learning outcome.
